Day 1 / Fethiye Harbour

Berk is here. Welcome onboard.

You're welcome to come to our boat at Fethiye Harbour whenever it suits you in the morning and drop off your luggage. We'll be ready to welcome everyone on board at 4:00 pm.

We'll kick things off with a welcome spread of coffee and chilled drinks. Berk will give everyone a friendly introduction to the trip and share the essential details before we set sail.

Then we're off to Boncuklu Bay for our first swim stop, dinner and overnight stay. After dinner, it's time for our first party of the trip!

Day 2 / Ölüdeniz Blue Lagoon

If the parachute doesn’t open, your holiday ends here!

Ölüdeniz · optional tandem paragliding

A tandem paraglider above Ölüdeniz.

That’s Berk’s idea of a parachute joke. After breakfast we sail to Ölüdeniz. If you’d like to see the Blue Lagoon from the air, you can fly tandem with a pilot from Babadağ. The flight costs extra and depends on the weather that day. Berk can talk you through it and help you arrange it.

After our afternoon coffee break, we’ll head to Gemiler Island, also known as St Nicholas Island. There’s an optional walk through the island’s ancient ruins, followed by a chance to watch the famous sunset from the top. We’ll treat you to a glass of wine as you take in the view.

Then it’s back on board for dinner and an overnight stay. We’ll be setting off early tomorrow, so enjoy a good night’s rest!

Day 3 / Fırnaz Bay

The Open-Sea Sailing Day.

While you’re still dreaming, our crew will be up and ready to go. We’ll set off early for a roughly four-hour sail. If you fancy watching the coast go by, there’s coffee on deck with the crew.

Our first stop is Fırnaz Bay, near Kalkan, where we’ll enjoy breakfast and a refreshing swim. From there, we’ll continue to Kaş Harbour.

Kaş is one of the prettiest coastal towns in the region. After lunch, you’re welcome to join Berk ashore. You’ll have free time to explore the town, or simply relax at one of its cafés or bars.

We meet back on board for afternoon coffee. Afterwards, we’ll head to Hidayet Bay, near Kaş and known as a popular diving spot. Dinner will be followed by a lively night on board!

Day 4 / Kekova Sunken City

We’re heading for Kekova!

Ancient remains reach down to the waterline on the coast of Kekova Island.

After breakfast and a quick swim stop, we’ll set sail for one of the most beautiful island areas along the coast. Time to get on your feet, soak up the sunshine and turn the music up as we cruise!

After sailing past the Sunken City, we’ll anchor off Kaleköy, beside the ancient town of Simena. After lunch, you can head ashore to explore the village, with Berk joining the group. Kaleköy is said to serve some of the best goat’s milk ice cream around—so you might want to try a scoop!

We’ll meet back on the boat for our afternoon coffee break. Then it’s a short sail to Tersane Bay, where dinner and a party night await.

Day 5 / Çayağzı · Ancient Harbour of Andriake

Turtles, Please Don’t Bite Us!

Çayağzı · a chance to watch sea turtles from a distance

A sea turtle swimming in turquoise water.

Today we head to Turtle Beach at Çayağzı. With a little luck, a sea turtle might surface for a breath. We give it room and watch from a distance, without touching or feeding it. You can swim to the long sandy beach or take our tender.

Fresh water flows down from the mountains here, so the sea can feel surprisingly chilly even in the August heat. Once we’re ashore, we can get a volleyball game going on the sand.

If you’d like to explore further, you can join an optional trip to Demre to visit the ancient city of Myra and St Nicholas Church. Berk can tell you more.

We’ll meet back on board for our afternoon coffee break. For tonight’s party, your captain will choose the best spot from among the beautiful nearby bays.

Day 6 / Beşadalar Islets

Greece on the Horizon

Beşadalar with a view of Meis (Kastellorizo). Our shore stop is Kalkan.

The Greek island of Kastellorizo seen from the coast at Kaş.

The crew gets us underway early. Breakfast and a swim are at the Beşadalar islets, between Kaş and Meis. On a clear day we can see the Greek island from the deck. That's as far as Berk's "kalimera" travels! This cruise has no border crossing or shore stop in Greece.

We head to Kalkan for lunch near the harbour. You can go ashore, wander the streets and stop for a waffle or an ice cream. Berk has a few favourite places to share.

We'll meet back on board for our afternoon coffee break, then sail to Fırnaz Bay for the night. It's the last party of the trip—let's make it a good one!

Day 7 / Samanlık Bay

Drifting Back to Fethiye

Surprise! We'll be up early again. We'll set off on a longer sail towards Samanlık Bay or Kızılada—the captain will choose the stop. If you'd like to join us on deck, the coffee will be ready.

After breakfast, a swim stop and lunch, we'll make our way back to Fethiye Harbour.

After dinner, Berk and the crew will be at our favourite local bar. There's a place at the table if you'd like to join us for a farewell drink.

Day 8 / Fethiye Harbour

Until Next Time

Look east at dawn! No one's coming to collect you—but after breakfast, we'll say our goodbyes and see you off from the boat.

Your Gulet

Our traditional gulet is at least 26 metres long and welcomes up to 16 guests. Every cabin has air conditioning and a private ensuite bathroom with a shower.
